

Muharrem Onur KAN

Padova, Italy | +39 351 733 4540 | kan.m.onur@gmail.com | [linkedin.com/in/onur-kan](https://www.linkedin.com/in/onur-kan)

EDUCATION

University of Padova

Padova, Italy

M.Sc. in Materials Engineering – Functional Materials Track

Sep. 2023 – Present

- Master's thesis focused on thermochromic VO₂ materials for smart window applications.
- Coursework combining core materials science topics such as nanomaterials, polymers, metals, ceramics, and composites with engineering-oriented studies in finite element modelling, structural integrity, manufacturing, metrology and quality engineering.

Marmara University

Istanbul, Turkey

B.Sc. in Metallurgy and Materials Engineering

Sep. 2016 – Aug. 2021

- Built a broad foundation in metals, ceramics, polymers, composites, and manufacturing processes.

EXPERIENCE

Research Engineer

Jul. 2022 – Apr. 2023

Deltaron Technology

Kocaeli, Turkey

- Optimized carbon fibre braiding parameters to improve composite mechanical performance and reduce production defects.
- Supported R&D-driven process improvements in composite manufacturing.
- Coordinated raw material flow and production logistics within the manufacturing line.

Intern – Mold Design and Manufacturing

Mar. 2021 – Jun. 2021

Cemerel Mold Technologies

Kocaeli, Turkey

- Assisted in industrial mold design and prototype evaluation.
- Participated in manufacturing workflow analysis and tooling optimization.
- Supported production-stage technical documentation.

Intern – Rubber Formulation and Quality Control

Jul. 2019 – Aug. 2019

Tekno Kaucuk Sanayii A.S.

Kocaeli, Turkey

- Contributed to rubber compound formulation for automotive and defence applications.
- Performed mechanical and chemical testing for quality validation.
- Supported industrial quality control procedures.

SKILLS

Technical Skills: ANSYS, Python-based FEM, SolidWorks, AutoCAD, Fusion 360, OriginLab, Microsoft Office

Laboratory Skills: SEM, XRD, UV-Vis, FTIR, ellipsometry, contact angle measurements

Metrology & Inspection: Articulated arm coordinate measuring machine (CMM), laser line scanning, handheld 3D scanning, multisensor CMM inspection, tactile probing, CAD-based dimensional inspection, point cloud processing, roughness measurement, confocal microscopy, focus variation microscopy, X-ray computed tomography

LANGUAGES

Turkish: Native

English: Full Professional Proficiency (C1)

Italian: Elementary (A2)

INTERESTS

Audio Engineering & Music Production: Recording, mixing, and independent production work

Headphone Development: Personal design and prototyping with attention to acoustic performance and ergonomics

Sports: Running, tennis
